Join Us In Cultivating Change.

A portion of our sales will be donated to organizations to help break the cycle of human trafficking, which is the fastest growing crime in the world.

OUR CYCLE OF CHANGE

The Root: Our passion is rooted in creating quality home fragrance solutions for you to plug into your modern lifestyle.

The Water: The home fragrance solutions you purchase enable us to fund the Greenleaf Cares initiative, which waters a core value of Greenleaf to be a blessing to others, especially women.

The Light: In an effort to shed light and raise awareness, Greenleaf is partnering with organizations leading the fight against human trafficking.

The Growth: We experience growth from uniting together to break the cycle of human trafficking, which cultivates the change we need to end modern day slavery in our world.
